## INDEPENDENT AUDITOR'S REPORT

To the Honorable Judge and Members  
Of the Commissioners' Court  
Edwards County, Texas  
P. O. Box 193  
Rocksprings, TX 78880

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information Edwards County, Texas, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Edwards County, Texas, as of September 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

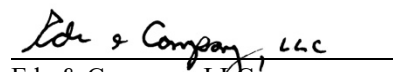

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of Changes in Net Pension Liability and Related Ratios, the schedule of Employer Contributions, and the schedule of Funding Progress, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund financial statements and budgetary comparison schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and budgetary comparison schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## MANAGEMENT’S DISCUSSION AND ANALYSIS

This section of Edwards County’s annual financial report presents our discussion and analysis of the County’s financial performance during the fiscal year ended September 30, 2020. Please read it in conjunction with the County’s financial statements, which follow this section.

### FINANCIAL HIGHLIGHTS

- The County’s total combined Governmental Fund net position was \$6,567,159 at September 30, 2020.
- During the year, the County’s income was \$571,263 more than the \$4,778,384 generated in taxes and other revenues for governmental activities.
- The general fund reported a fund balance this year of \$1,885,397.

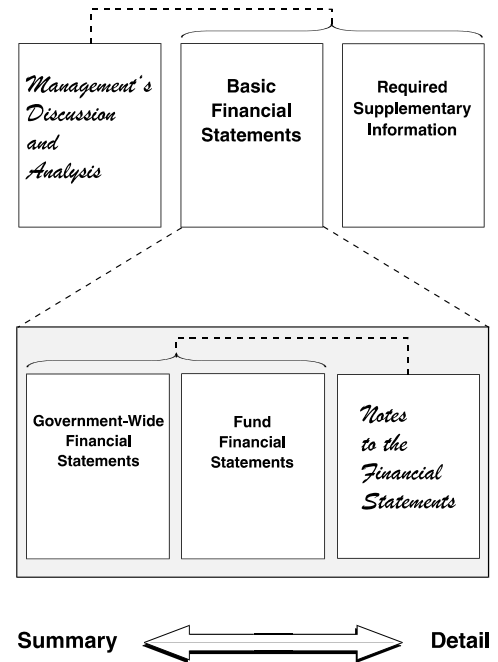

### OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—*management’s discussion and analysis* (this section), the *basic financial statements*, and *required supplementary information*. The basic financial statements include two kinds of statements that present different views of the County:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the County’s overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the County’s operations in more detail than the government-wide statements.
- *The governmental funds* statements tell how *general government* services were financed in the *short term* as well as what remains for future spending.
- *Fiduciary fund* statements provide information about the financial relationships in which the County acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and related to one another.

**Figure A-1, Required Components of the County’s Annual Financial Report**

### Government-wide Statements

The government-wide statements report information about the County as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government’s assets and liabilities. All of the current year’s revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the County’s net position and how they have changed. Net position, the difference between the County’s assets and liabilities is one way to measure the County’s financial health or *position*.

- Over time, increases or decreases in the County’s net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the County, one needs to consider additional nonfinancial factors such as changes in the County’s tax base

Both of these Government-Wide Financial Statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, public safety, environmental protection, public transportation, health and welfare, public facilities, legal, elections, financial administration, conservation, capital projects, and culture and recreation. These activities are financed primarily by property taxes.

#### Fund Financial Statements

The fund financial statements provide more detailed information about the County's most significant funds—not the County as a whole. Funds are groupings of related accounts that the County uses to keep track of specific sources of funding and spending for particular purposes. Edwards County, like other state and local governments, uses funds to show compliance with finance-related legal requirements as well as to control and manage money for other particular purposes. The County has two kinds of funds: governmental and fiduciary.

- **Governmental funds** – Most of the County's basic services are included in governmental funds, which focus on short-term inflows and outflows of available resources and the balances of these resources that are available at the end of the year. Because the focus of governmental funds is narrower than that of the Government-Wide Financial Statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the Government-Wide Financial Statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the Governmental Fund Balance Sheet and the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between government funds and governmental activities.

The County maintains sixteen individual governmental funds. Information is presented separately in the governmental fund statements for the General Fund and Road and Bridge Fund, Grant Funds, and the Interest & Sinking Fund, which are considered to be major funds. Individual fund data for non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget for its General Fund, County, and Road & Bridge Fund. Budgetary comparison schedules have been provided on pages 44-45 to demonstrate compliance with this budget.

- **Fiduciary funds** – The County is the trustee, or fiduciary, for certain funds. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the County's fiduciary activities are reported in a separate statement of fiduciary net position and statement of changes in fiduciary net position, found on page 27. Fiduciary funds are not reflected in the government-wide financial statements because the County cannot use these assets to finance its operations.

#### FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

Edwards County's combined net position was approximately \$6.57 million at September 30, 2020. By far the largest portion of the County's net position (approximately 50%) reflects its investment in capital assets (e.g. land, buildings, machinery, equipment), less accumulated depreciation and any related outstanding debt. An additional portion of the County's net position (approximately 17%) represent resources that are subject to restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the County's ongoing obligations to citizens and creditors.

**Edwards County, Texas  
Net Position**

	Governmental Activities		
	2020	2019	% Change 2020-2019
Current & Other Assets	\$ 3,313,195	\$ 2,415,098	37.2%

Capital Assets	4,362,505	4,721,545	-7.6%
<b>Total Assets</b>	<b>7,805,742</b>	<b>7,143,378</b>	<b>9.3%</b>
Deferred Outflows of Resources			
Deferred Outflow - Pensions	104,112	328,108	-68.3%
<b>Total Deferred Outflows of Resource</b>	<b>104,112</b>	<b>328,108</b>	<b>100.0%</b>
Current Liabilities	104,646	82,297	27.2%
Net Pension Liability	-	262,561	-100.0%
Long Term Liabilities	1,075,000	1,142,065	-5.9%
<b>Total Liabilities</b>	<b>1,179,646</b>	<b>1,486,923</b>	<b>-20.7%</b>
Deferred Inflows of Resources			
Deferred Inflow - Pensions	163,049	11,410	1329.0%
<b>Total Deferred Outflows of Resource</b>	<b>163,049</b>	<b>11,410</b>	<b>1329.0%</b>
Net Position			
Invested in Capital Assets, net of related debt	3,276,401	3,586,215	-8.6%
Restricted	1,135,494	799,895	42.0%
Unrestricted	2,155,264	1,587,043	35.8%
<b>Total net position</b>	<b>6,567,159</b>	<b>5,973,153</b>	<b>9.9%</b>

A portion of the County’s net position \$1,135.5 thousand, represents resources that are subject to external restriction on how they may be used. The remaining balance \$2,155.3 thousand of unrestricted net position may be used to meet the County’s ongoing obligation to citizens and creditors in accordance with the County’s fund designation and fiscal policies. The overall financial condition of the county increases from FY2019 to FY2020.

**Governmental Activities** – Total revenues for the fiscal year ended September 30, 2020 were 4.8 million. Approximately 80% of the County’s revenue comes from taxes. The graph below shows the sources of revenues for FY2020. Table A-2 shows the changes in Net Position between FY2019 and FY2020.

**FINANCIAL ANALYSIS OF THE COUNTY’S FUNDS**

**Governmental Funds:**

As of the end of the fiscal year, Edwards County’s governmental funds reported a combined fund balance of \$3,020.9 thousand , an increase of \$896.2 thousand in comparison with the prior year. Approximately 56.7% of this total amount (\$1,885.4 thousand) is unassigned fund balance, which is available for spending at the government’s discretion. The remainder of fund balance is restricted fund balance of \$1,135.5 thousand, The County’s ability to spend each of these types of fund balance is more limited than with the unassigned fund balance, and the limitations on spending are discussed more fully in the notes to the financial statements.

**General Fund Budgetary Highlights** – The County amend the budget during the year. Even with these amendments actual revenues were \$278,263 more than budgeted amounts. Actual expenses were \$379,958 less the amounts budgeted.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets**

At the end of 2020, the County had invested \$9,959.4 thousand in a broad range of capital assets, including land, equipment, buildings, roads, bridges and vehicles. (See Table A-4.) This amount represents a net increase (including additions and deductions) of 0.4 percent from last year.

**Table A-4**  
Edwards County's Capital Assets

	Governmental Activities		% Change 2020-2019
	2020	2019	
Land	\$ 116,045	\$ 116,045	0.0%
Construction in Progress	-	-	0.0%
Infrastructure	1,260,368	1,260,368	0.0%
Building and Improvements	4,879,145	4,879,145	0.0%
Intangibles	260,057	260,057	0.0%
Machinery & Equipment	3,443,749	3,406,482	1.1%
Totals at historical cost	9,959,364	9,922,097	0.4%
Total Accumulated Depreciation	(5,596,859)	(5,200,552)	7.6%
Net Capital Assets	\$ 4,362,505	\$ 4,721,545	-7.6%

**Long Term Debt** – At the end of the fiscal year, the County had one outstanding Bond in the amount of \$1,075,000.

**ECONOMIC FACTORS AND NEXT YEAR’S BUDGETS AND RATES**

- The taxable value used for the FY2021 budget preparation is estimated to be approximately 36% higher than FY2020.
- The tax rate established for the FY2021 budget is \$.6471, a decreased from \$.7131 in FY2020.
- FY2021 General Fund Revenues are budgeted at 4,050.766.
- FY2021 General Fund Expenditures are budgeted at 3,234.106.
- Inflationary trends in the region are comparable to national indices.

These factors and others were taken into consideration when preparing the General Fund budget for the 2021 fiscal year. If these estimates are realized, the County’s budgetary General Fund balance is expected increase.

## **CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of Edwards County's finances and to demonstrate the County's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be directed to the County Judge's Office, P.O. Box 348, Rocksprings, Texas 78880.

EDWARDS COUNTY, TEXAS  
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE  
STATEMENT OF NET POSITION  
SEPTEMBER 30, 2020

<b>Total Fund Balances - Governmental Funds</b>	\$ 3,020,891
Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. At the beginning of the year, the cost of these assets was \$9,922,098 and accumulate depreciation was \$5,200,552. In addition, long-term liabilities including bonds payable are not due and payable in the current period, and therefore are not reported as liabilities in the funds. The long -term debt was \$1,135,330. The net effect of including the beginning balances for the capital assets (net of depreciation) and long-term debt in the governmental activities is to increase net position.	3,586,215
Current year capital outlays and long-term debt principal payments are expended in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the 2020 capital outlays and debt principal payments is to increase net position.	86,493
Included in the items related to debt is the recognition of the District's net pension asset required by GASB 68 in the amount of \$123,681, Deferred Resources Inflows of \$163,049, and Deferred Resource Outflow of \$104,112. This resulted in a Increase in Net Position	64,744
The 2020 depreciation expense increased accumulate Depreciation. The net effect on the current year's depreciation is to decrease net position.	(396,307)
Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing deferred revenue as revenue, eliminating interfund transactions, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase net position.	205,123
<b>Net Position of Governmental Activities</b>	<u><u>\$ 6,567,159</u></u>

EDWARDS COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2020

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The authority of county governments and their specific functions and responsibilities are created by and dependent upon laws and legal regulations of the Texas State Constitution and V.A.C.S. Edwards County (the County) operates under a county judge/commissioners court type of government as provided by state statute. The financial and reporting policies of the County conform to accounting principles generally accepted in the United States of America ("GAAP") applicable to state and local governments. Accounting principles generally accepted in the United States of America for local governments include those principles prescribed by the Governmental Accounting Standards Board ("GASB"), which includes all statements and interpretations of the National Council on Governmental Accounting unless modified by the GASB, and those principles prescribed by the American Institute of Certified Public Accountants in the publication entitled *Audits of State and Local Governmental Units*.

**A. Reporting Entity**

The Commissioners' Court has governance responsibilities over all activities related to Edwards County, Texas. The County receives funding from local, state and federal government sources and must comply with the concomitant requirements of these funding source entities. However, the County is not included in any other governmental "reporting entity" as defined by Governmental Accounting Standards Board ("GASB"), Statement No. 14, "The Financial Reporting Entity", since County Commissioners and the County Judge are elected by the public and have decision making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters. There are no separate organizations for which the County is financially accountable. There are no separate organizations for which the nature and significance of their relationship with the County are such that exclusion would cause Edwards County's financial statements to be misleading or incomplete.

The County provides the following services to its citizens: public safety (law enforcement and detention, fire and ambulance), public transportation (roads and bridges), health and welfare (pauper care, health clinic facilities, meals for the elderly and indigent health care), culture and recreation facilities, conservation, public facilities, judicial and legal, election functions, and general and financial administrative services.

**B. Government-wide and fund financial statements**

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Edwards County nonfiduciary activities with most of the interfund activities removed. Interfund services provided and used are not eliminated in the process of consolidation. Governmental Activities include programs supported primarily by taxes, fines and fees, grants and other intergovernmental revenues.

The Statement of Activities presents a comparison between expenses and program revenues for each function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include a) fees, fines and charges paid by the recipients of goods and services offered by the program, and b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

All interfund transactions between governmental funds are eliminated on the government-wide statements.

EDWARDS COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2020

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

The fund financial statements provide reports on the financial condition and results of operations for three fund categories – governmental, proprietary and fiduciary. Since the resources in the fiduciary funds cannot be used for County operations, they are not included in the government-wide statements. The County considers some governmental funds major and reports their financial condition and results of operations in a separate column.

**C. Measurement focus, basis of accounting, and financial statement presentation**

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the proprietary fund financial statements. Fiduciary funds also utilize the accrual basis of accounting; however, the economic resources measurement focus is not applicable to agency funds. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become susceptible to accrual – that is, when they become both *measurable* and *available*. Available means collectible within the current period or expected to be collected within 60 days after year-end to be used to pay liabilities of the current period. Expenditures are generally recorded when the liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes are susceptible to accrual and have been recognized as revenues of the current fiscal period. Licenses and permits, fines and forfeits, and miscellaneous revenues are recorded as revenues when received because they are generally not measurable and available until cash is received by the government. Investment earnings are recorded on the accrual basis in all funds.

Intergovernmental revenues are recorded on a basis applicable to the legal and contractual requirements of the individual grant programs. If funds must be expended on the specific purpose or project before any amounts will be paid to the county, revenues are recognized as the expenditures or expenses recorded. If funds are virtually unrestricted and irrevocable, except for failure to comply with required compliance requirements, revenues are recognized when received or susceptible to accrual. Federal and State grants awarded on the basis of entitlement periods are recorded as intergovernmental receivables and revenues when entitlement occurs. All other federal reimbursable-type grants are recorded as intergovernmental receivables and revenues when the related expenditures are incurred.

The County reports the following major governmental funds:

General Fund – The General Fund is the County’s primary operating fund. It accounts for and reports all financial resources not accounted for and reported in another fund. The General Fund balance is available for any purpose, provided it is expended or transferred in accordance with the legally adopted budget of the County.

EDWARDS COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2020

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

Road & Bridge Fund – The Road & Bridge Fund is a special revenue fund that accounts for and reports the financial resources received from a designated part of the annual property tax levy and auto registration fees and traffic fines, which are used for operating and maintaining County owned roads and bridges.

Grant Fund – The Grant Fund is used to account for grant proceeds and expenditures from state and federal sources.

Interest & Sinking Fund – The Interest & Sinking Fund is used to account for the payment of the long-term debt of the County.

Additionally, the County reports the following fund types:

Governmental Funds:

Special Revenue Funds – The County uses these funds to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Fiduciary Funds:

Trust and Agency Funds – The County accounts for and reports resources held for others in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. Agency funds are purely custodial (assets equal liabilities) and thus do not involve measurements of results of operations. Agency funds are used to account bond money received and held for others as a result of action in the County or District Courts, and to account for monies received and held in trust for other individuals or entities as a result of action in County and District Courts.

**D. Assets, liabilities, and net assets of equity**

1. Deposits and investments

The County considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Investments for the County are recorded at fair value for all funds.

2. Receivables and payables

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position.

In the fund financial statements, governmental fund types recognized bond premiums and discounts as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

EDWARDS COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2020

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

3. Inventories and prepaid items

Inventories of governmental funds are recorded as expenditures when purchased rather than when consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. Capital Assets

Capital assets include land, buildings, furniture and equipment and are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

The County depreciates capital assets using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Infrastructure	50
Buildings	50
Improvements (Other than Buildings)	20
Vehicles and Road Equipment	5
Office Equipment	5
Computer Equipment	5

5. Compensated Absences

It is the government's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the government does not have a policy to pay any amounts when employees separate from service with the government. Vacation pay is accrued in the government-wide financial statements. Comp time is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the government-wide financial statements.

EDWARDS COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2020

**NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**Budgetary information**

The County follows these procedures in establishing the budgetary data reflected in these basic financial statements:

1. The County Judge, as budget officer, with the assistance of the County Treasure, prepares a budget to cover all proposed expenditures and the means of financing them, for the succeeding year and delivers the proposed budget to Commissioners' Court.
2. Commissioners' Court holds budget sessions with each department head.
3. Commissioners' Court holds budget hearings for the public at which all interested persons' comments concerning the budget are heard.
4. Commissioners' Court formally adopts the budget in an open court meeting. Annual budgets are legally adopted for the General Fund, and the Road and Bridge Fund. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America.
5. The adopted budget becomes the authorization for all legal expenditures for the County for the fiscal year. Unencumbered appropriation balances lapse at year end and revert to the respective funds from which they were originally appropriated, thus becoming available for future appropriation.

Expenditures may not legally exceed appropriations at the departmental level for each legally adopted annual operating budget. Amendments to the budget were approved by the Commissioners' Court as provided by law. The reported budgetary data has been revised for amendments legally authorized during the year.

6. The formally adopted budget may legally be amended by commissioners in accordance with article 689A-11 or 689A-20 of Vernon's Annotated Civil Statutes. Management does not amend the budget above the departmental level without approval by the Commissioners' Court. The legal level of budgetary control is at the fund level.

**NOTE 3 PROPERTY TAXES**

Property taxes are levied by October 1 in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed.

Legislation was passed in 1979 and amended in 1981 by the Texas Legislature which affects the methods of property assessment and tax collection in the County. This legislation, with certain exceptions, exempts intangible personal property, household goods and family-owned automobiles from taxation. In addition, this legislation creates a "Property Tax Code" and provides, among other things, for the establishment of county-wide appraisal districts and for the State Property Tax Board which commenced operation in January, 1980.

EDWARDS COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2020

**NOTE 3    PROPERTY TAXES, continued**

As of October 1, 1981, the appraisal of property within the County was the responsibility of the county-wide appraisal district. The Appraisal District is required under the Property Tax Code to assess all property within the Appraisal District on the basis of 100% of its appraised value and is prohibited from applying any assessment ratios. Beginning January 1, 1984, the value of property within the Appraisal District must be reappraised every three years. The County may challenge appraised values established by the Appraisal District through various appeals and, if necessary, legal action. Under this legislation, the County continues to set tax rates on County property.

However, if the effective tax rates for bonds and other contractual obligations and adjustments for new improvements, exceeds the rate for the previous year by more than 8%, qualified voters of the County may petition for an election to determine whether to limit the tax rate to no more than 8% above the effective tax rate of the previous year. The Appraisal District is governed by a Board of Directors elected by the governing bodies of the taxing entities within the District. The Board of Directors appoints a Chief Appraiser to act as Chief Administrator of the Appraisal District and an Appraisal Review Board to equalize appraised values.

The County's taxes on Edwards property are a lien against such property until paid. The County may foreclose Edwards property upon which it has a lien for unpaid taxes. Although the County makes little effort to collect delinquent taxes through foreclosure proceedings, delinquent taxes on property not otherwise collected are generally paid when there is a sale or transfer of the title on property.

Property tax revenues are recognized in the accounting period in which they become both measurable and available. Property tax revenues are considered measurable at the time of levy and are recognized as deferred revenue and taxes receivable, net of an allowance for estimated uncollectible taxes, at that time. Property tax revenues are considered available if collected within 60 days subsequent to year end.

**NOTE 4:    DEPOSITS, SECURITIES, AND INVESTMENTS**

Legal and Contractual Provisions Governing Deposits and Investments

The funds of the County must be deposited and invested under the terms of a contract, contents of which are set out in the Depository Contract Law. The depository bank places approved pledged securities for safekeeping and trust with the County's agent bank in an amount sufficient to protect County funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

At September 30, 2020, the carrying amount of the County's deposits (cash, certificates of deposit, and interest-bearing savings accounts included in temporary investments) was \$3,213,049 and the bank balance was \$3,282,594.

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the County to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit.

EDWARDS COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2020

**NOTE 4: DEPOSITS, SECURITIES, AND INVESTMENTS- Continued**

Statutes authorize the County to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the County to have independent auditors perform test procedures related to investment practices as provided by the Act. The County is in compliance with the requirements of the Act and with local policies.

The County had the following investments at September 30, 2020:

None

**Policies Governing Deposits and Investments**

In compliance with the Public Funds Investment Act, the County has adopted a deposit and investment policy. That policy does address the following risks:

*Custodial Credit Risk – Deposits:* This is the risk that in the event of bank failure, the County’s deposits may not be returned to it. The County’s policy regarding types of deposits allowed and collateral requirements is to deposit funds in FDIC insurance banks which have sufficient pledged collateral. The County was not exposed to custodial credit risk since its deposits at year-end and during the year ended September 30, 2020 was covered by depository insurance or by pledged collateral held by the County’s agent bank in the County’s name.

**NOTE 5: INTERFUND BALANCES AND TRANSFERS**

EDWARDS COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2020

**NOTE 7: LONG-TERM DEBT**

Certificates of Obligation

Current requirements for Certificates of Obligation of the County are accounted for in the Interest & Sinking Fund.

On April 6, 2017, the County issued \$1,210,000 Limited Tax Refunding Bonds, Series 2017 to refund debt callable on April 12, 2017 for the Certificates of Obligation, Series 2008 and to pay costs relating to the issuance of the bonds. The interest rate on the bonds is 4.125% with a final maturity due February 15, 2037.

The following table summarizes the annual debt service requirements at September 30, 2020 to maturity:

<u>Year Ending</u> <u>September 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u> <u>Requirements</u>
2021	50,000	35,175	85,175
2022	50,000	33,500	83,500
2023	50,000	31,825	81,825
2024	55,000	30,066	85,066
2025	55,000	28,224	83,224
2025-2029	300,000	112,058	412,058
2030-2034	355,000	57,369	412,369
2035-2037	160,000	5,360	165,360

**NOTE 8: RISK MANAGEMENT**

The County's risk management program includes coverage for property, general liability, automobile liability, law enforcement liability, public officials' liability and employee dishonesty bonds. The County carries commercial insurance.

EDWARDS COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2020

**NOTE 9: COMPENSATED ABSENCES**

Accumulated unpaid annual leave is not accrued in governmental funds using the modified accrual basis of accounting, but is reflected in the Government-Wide Statement of Net Position. At September 30th, accrued employee benefits recorded on the Statement of Net Position were as follows: Annual leave pay - \$17,465. All unpaid employee leave is due to active employees. Any unpaid leave due to an employee who is terminated is paid immediately upon the termination. The liability has typically been liquidated primarily in the General Fund and Road and Bridge Fund.

**NOTE 10: PENSION PLAN**

**Plan Description.**

Edwards County provides retirement, disability, and survivor benefits for all of its employees (excluding temporary) through a non-traditional defined benefit pension plan in the statewide Texas County and District Retirement System (“TCDRS”). This is accounted for as an agent multiple-employer defined benefit pension plan. The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system. TCDRS in the aggregate issues a comprehensive annual financial report (“CAFR”) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034 or the website at [www.TCDRS.org](http://www.TCDRS.org).

**Benefits Provided**

The plan provisions are adopted by Commissioners of the County, within the options available in the state statutes governing TCDRS (“TCDRS Act”). Members can retire at ages 60 and above with eight or more years of service, with 30 years of service regardless of age, when the sum of their age and years of service equals 75 or more, or if they become disabled. Members are vested after eight years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by the County. Benefit amounts are determined by the sum of the employee’s contributions to the plan, with interest and employer-financed monetary credits. The level of these monetary credits is adopted by Commissioners Court, within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer’s commitment to contribute. By law, employee accounts earn 7% interest. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee’s accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act. The County’s current match is 100%

**Employees Covered by Benefit Terms**

At the measurement date, the following employees were covered by the benefit terms of the Edwards County plan:

EDWARDS COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2020

**NOTE 10: PENSION PLAN- Continued**

**Membership Information**

Members	Dec.31,2018	Dec.31,2019
Number of inactive employees entitled to but not yet receiving benefits:	60	64
Number of active employees:	43	45
Average monthly salary*:	\$ 2,497	\$ 2,358
Average age*:	48.69	48.91
Average length of service in years*:	7.9	7.44

**Inactive Employees (or their Beneficiaries) Receiving Benefits**

Number of benefit recipients:	22	21
Average monthly benefit:	\$495	\$488

\*Averages reported for all active and inactive employees.  
Average service includes all proportionate service.

**Contributions**

The County has elected the annually determined contribution rate (variable-rate) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The employer contributed using the actuarially determined rate of 7.00% for the months of the accounting year in 2019, and 7.00% for the months of the accounting year in 2020. The deposit rate payable by the employee members for calendar year 2019 and 2020 is the rate of 7.0% as adopted by the governing body of the employer. The employee contribution rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

**Actuarial assumptions:**

For the County's fiscal year ending September 30, 2020, the net pension liability was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

All actuarial assumptions that determined the total pension liability as of December 31, 2019 were based on the results of an actuarial experience study for the period January 1, 2013 – December 31, 2016, except where required to be different by GASB 68. In the 2017 actuarial valuation, assumed life expectancies were adjusted as a result of adopting a new projection scale, 130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.

**TCDRS system-wide economic assumptions:**

Real rate of return	5.25% per year
Inflation	2.75% per year
Long-term investment return	8.0%

EDWARDS COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2020

**NOTE 10: PENSION PLAN- Continued**

**Employer-specific economic assumptions:**

Growth in membership 0.00%  
Payroll growth for funding calculations 1.500%

The payroll growth assumption is for the aggregate covered payroll of an employer.

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on April 2020 information for a 10 year time horizon. Note that the valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a 30-year time horizon; the most recent analysis was performed in 2017.

Asset Class	Benchmark	Target Allocation <sup>(1)</sup>	Geometric Real Rate of Return <sup>(2)</sup>
U.S. Equities	Dow Jones U.S. Total Stock Market Index	14.50%	5.20%
Private Equity	Cambridge Associates Global Private Equity & Venture Capital Index(3)	20.00%	8.20%
Global Equities	MSCI World (net) Index	2.50%	5.50%
Int'l Equities - Developed Markets	MSCI World Ex USA (net) Index	7.00%	5.20%
Int'l Equities - Emerging Markets	MSCI Emerging Markets (net) Index	7.00%	5.70%
Investment-Grade Bonds	Bloomberg Barclays U.S. Aggregate Bond Index	3.00%	-0.20%
Strategic Credit	FTSE High-Yield Cash-Pay Capped Index	12.00%	3.14%
Direct Lending	S&P/LSTA Leveraged Loan Index	11.00%	7.16%
Distressed Debt	Cambridge Associates Distressed Securities Index(4)	4.00%	6.90%
REIT Equities	67% FTSE NAREIT Equity REITs Index + 33% S&P Global REIT (net) Index	3.00%	4.50%
Master Limited Partnerships (MLPs)	Alerian MLP Index	2.00%	8.40%
Private Real Estate Partnerships	Cambridge Associates Real Estate Index(5)	6.00%	5.50%
Hedge Funds	Hedge Fund Research, Inc. (HFRI) Fund of Funds	8.00%	2.30%

(1) Target asset allocation adopted at the June 2020 TCDRS Board meeting.

(2) Geometric real rates of return equal the expected return minus the assumed inflation rate of 1.80%, per Cliffwater's 2020 capital market assumptions.

(3) Includes vintage years 2006-present of Quarter Pooled Horizon IRRs.

(4) Includes vintage years 2005-present of Quarter Pooled Horizon IRRs.

(5) Includes vintage years 2007-present of Quarter Pooled Horizon IRRs.

**Discount Rate**

The discount rate used to measure the total pension liability was 8.10%. The discount rate is the single rate of return that, when applied to all projected benefit payments results in an actuarial present value of projected benefit payments equal to the total of the following:

EDWARDS COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2020

**NOTE 10: PENSION PLAN- Continued**

1. The actuarial present value of benefit payments projected to be made in future periods in which (a) the amount of the pension plan's fiduciary net position is projected to be greater than the benefit payments that are projected to be made in that period and (b) pension plan assets up to that point are expected to be invested using a strategy to achieve the long-term rate of return, calculated using the long-term expected rate of return on pension plan investments.
2. The actuarial present value of projected benefit payments not included in (1), calculated using the municipal bond rate.

Therefore, if plan investments in a given future year are greater than projected benefit payments in that year and are invested such that they are expected to earn the long-term rate of return, the discount rate applied to projected benefit payments in that year should be the long-term expected rate of return on plan investments. If future years exist where this is not the case, then an index rate reflecting the yield on a 20-year, tax-exempt municipal bond should be used to discount the projected benefit payments for those years.

The determination of a future date when plan investments are not sufficient to pay projected benefit payments is often referred to as a depletion date projection. A depletion date projection compares projections of the pension plan's fiduciary net position to projected benefit payments and aims to determine a future date, if one exists, when the fiduciary net position is projected to be less than projected benefit payments. If an evaluation of the sufficiency of the projected fiduciary net position compared to projected benefit payments can be made with sufficient reliability without performing a depletion date projection, alternatives methods to determine sufficiency may be applied.

In order to determine the discount rate to be used by the employer we have used an alternative method to determine the sufficiency of the fiduciary net position in all future years. Our alternative method reflects the funding requirements under the employer's funding policy and the legal requirements under the TCDRS Act.

1. TCDRS has a funding policy where the Unfunded Actuarial Accrued Liability (UAAL) shall be amortized as a level percent of pay over 20-year closed layered periods.
2. Under the TCDRS Act, the employer is legally required to make the contribution specified in the funding policy.
3. The employer's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the employer is still required to contribute at least the normal cost.
4. Any increased cost due to the adoption of a COLA is required to be funded over a period of 15 years, if applicable. Based on the above, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments.

Based on the expected level of cash flows and investment returns to the system, the fiduciary net position as a percentage of total pension liability is projected to increase from its current level in future years.

Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and net pension liability of the employer is equal to the long-term assumed rate of return on investments. This long-term assumed rate of return should be net of investment expenses, but gross of administrative expenses for GASB 68 purposes. Therefore, we have used a discount rate of 8.10%. This rate reflects the long-term assumed rate of return on assets for funding purposes of 8.00%, net of all expenses, increased by 0.10% to be gross of administrative expenses.

**Sensitivity Analysis**

The following presents the net pension liability of the County, calculated using the discount rate of 8.10%, as well as what the County net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (7.10%) or 1percentage point higher (9.10%) than the current rate.

	1% Decrease 7.10%	Current Discount Rate 8.10%	1% Increase 9.10%
Total pension liability	\$ 4,459,254	\$ 3,968,505	\$ 3,551,664
Fiduciary net position	4,092,186	4,092,186	4,092,186
Net pension liability/(Asset)	\$ 367,068	\$ (123,681)	\$ (540,522)

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TCERS financial report. That report may be obtained on the Internet at [www/tcdrs.org](http://www/tcdrs.org).

**F. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

For the current year, the County recognized pension expense of \$112,438.

EDWARDS COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2020

**NOTE 10: PENSION PLAN- Continued**

As of December 31, 2019, the deferred inflows and outflows of resources are as follows:

	Deferred Inflows of Resources	Deferred Outflows of Resources
Differences between expected and actual experience	\$ 67,162	\$ 3,409
Changes in assumptions	-	4,991
Net difference between projected and actual earnings	95,887	-
Contributions made subsequent to measurement date	N/A	95,712
Total	\$ 163,049	\$ 104,112

Amounts currently reported deferred outflows of resources and deferred inflows of resources related to pensions, excluding contributions made subsequent to the measurement date, will be recognized in pension expense as follows:

2020	(47,987)
2021	(60,604)
2022	12,256
2023	(58,314)
2024	0
Thereafter	0

**NOTE 11: CONTINGENT LIABILITIES**

Amounts received or receivable from grantor agencies are subject to audit and adjustments by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.
